

# Flying the Flag

When you are shooting on the outdoor range you **MUST** take the flag (windsock) with you, and ensure that it is flying for the duration of your shooting. When you finish, if you are the last one on the field, remove the flag and replace it in the clubhouse.

The flag is stored in the entrance lobby. The poles slot into each other, and the ends are colour coded - so just match the colours as you put it together. If you are unsure how it works - please let me know and we can arrange a demonstration.

The flag then slots into the tube on the fence post by the entrance to the range.

Any questions - please contact me [secretary@wellscityarchers.com](mailto:secretary@wellscityarchers.com)
